TELEPHONE CALL TO THE PRESIDENT

The Dwight D. Eisenhower Library

The Sec. said Gen. Smith called at 4 a.m. Geneva time. The Sec. had sent a message along the lines the Pres. said to, but Smith wants to go and is going and may even be there now. The Sec. said he thought S. got his instructions straight, but he didn't come through well. He evidently had agreed with Eden to go. The Pres. didn't seem too pleased, and said he felt S. knew enough to obey orders. The Sec. said he didn't think it would be too bad, and the Pres. seemed happier.
